

Stop Ottawa Arms Shows, for Good!

The CANSEC war fair is organized by a lobby group representing the vested commercial interests of 700 of Canada's largest military exporters. It receives hundreds of thousands in federal government grants to promote *exports and international marketing opportunities*. CANSEC exhibitors sell a wide range on military products that are used to wage wars in Iraq, Afghanistan and elsewhere. These wars have claimed countless innocent lives.

For more info., to sign the petition or to get involved, visit the website of the Coalition to Oppose the Arms Trade:

Thanks for joining us at this interfaith Peace Rally to expose and oppose the return of military industry trade shows to City of Ottawa property.

CANSEC and the International Arms Trade

CANSEC is Canada's top arms industry exhibition and its function is to facilitate the international trade in products and services that are used to fuel wars now raging around the world. While we like to believe that Canada is a purveyor of global peace, our country is actually the world's 7th largest exporter of weapons systems. Corporations exhibiting at CANSEC manufacture everything from ammunition, automatic weapons, armed battle vehicles, rocket launchers and unguided air-launched missiles that deliver cluster munitions and white phosphorus bombs. Other CANSEC exhibitors produce essential high-tech electronic systems embedded in virtually all major U.S. weapons, including fighter and bomber warplanes, warships and main battle tanks.

In recent years, 90% of Canada's arms exports went to 39 countries whose troops were fighting in wars raging around the world, most notably in Iraq and Afghanistan. These wars have killed more than 1.5 million people.

Honour our 20-year Ban on Arms Shows!

CANSEC will be the first arms show on City property in two decades. All such events were banned by City Council in 1989. Weapons dealers and warfighters can thank *unelected* City staff, who claim to have found a convenient legal loophole large enough to drive a battalion of tanks through to get to the arms sale at Lansdowne Park!

We intend to stop this transgression of democracy from ever happening again. Anti-war activists do not want CANSEC held anywhere. A first step is to ensure that our ban on war shows is respected for all publicly-funded facilities. We also hope to eventually remove these war-industry events from provincial and federally-funded facilities as well.

Think Globally, Act Locally!
